WASHINGTON LETTER.

From our regular correspondent.

Washington, D. C. May 17, 1895.

The section of the Illinois democrats who will meet under formal call in state convention to pass upon the question of silver appeals very strongly to free coinage men. The object seems to be to serve the cause of silver and no other. No political campaign is now on in the state and there appears no special reason why this meeting should be called at this time. It has a very significant meaning and being held in this manner it would seem that the beginning of a great boom is now upon us. The free coinage men everywhere are naturally pleased to note this fact, as such a meeting has a tendency to help the silver cause in such localities where campaigns may be organizing and tickets are to be bought this year. The gayer elections will undoubtedly show which way the wind is blowing and give some idea of how things will go in the next presidential election. Though this movement is considered to be an unselfish one, yet the suggestion occurs that it may mean the launching of a government presidential boom, though nothing definite has been said upon the subject.

A later suggestion, however, is that the call has for its object the building of a bridge over which the populists of the state could pass into the camp of the democrats. And thus the suggestions and rumors come and go without any thing definite, though the latest news that has reached this City is that silver will undoubtedly carry the convention.

The Supreme Court has not yet delivered its opinion upon the rehearing in the Income Tax case. Judge Harlan is expected to deliver the opinion.

Ex-Speaker Reed was in the City on Tuesday, having come, it is stated, for the express purpose of making a call on his friend, Representative Ulrich, of Illinois, who is lying very ill at his residence here.

Russia appears to be very friendly towards Japan now as Japan's relinquishment of the Liao-Tung Peninsula has been the means of making Russia very desirous of solving every other point at issue in absolutely as peaceful a manner as possible. Japan's victory, however, had the effect of opening China to civilization which thus paved the end of her dark age. The privileges thus secured by Japan, are enjoyed by the world at large, as the "favored nation clause" compels China to give other powers the same favors as extended to Japan.

It is reported that an arrangement has been effected between the U. S. and Great Britain by which October next is set as the time for the assembling in Washington of a commission to negotiate a treaty as to claims of sealing on account of Behring Sea seizures. Delegates will come from Canada to meet the authorities here.

Admiral Mendo's leave has been revoked and his request for retirement will probably not be granted.

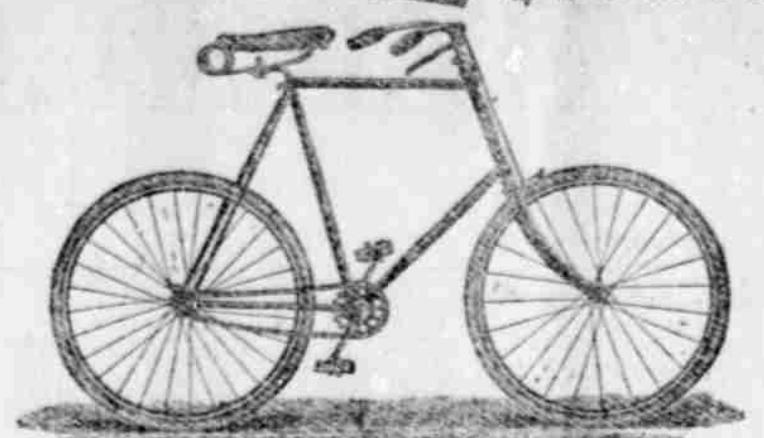

Senator Gresham is reported as doing very well at his hotel and last night it was said that Wednesday was the best since his illness.

Mr. C. W. Franklin, of Beaver, left the City last evening for home, accompanied by Mr. Watson H. Coleman, formerly of Denver, who has resided in this city for some time past.

A prominent lawyer says that many years ago he went west, but as he got no clients and stood a good chance of starving to death, he decided to come east again. Without any money he boarded the train for Nashville, Tenn., intending to seek employment as reporter on one of the daily newspapers. When the conductor called for his ticket he said, "I am on the staff of the—, of Nashville; I suppose you will pass me?" The conductor looked at him sharply. "The editor of that paper is the smoker—come with me. If he identifies you, all right." He followed the conductor into the smoker and the situation was explained. Mr. Editor said: "Oh, yes; I recognize him as one of the staff; it is all right." Before leaving the train the lawyer again sought the editor. "Why did you recognize me? I'm not on your paper." "I'm not the editor, either. I'm trying so hard and was scared to death lest you should give me away." —fix.

The mule seemed passive, even dull, as if his senses pricked; but when they used to touch his nose, he raised objections—kicked. The cat came up to sympathy, with nose and gentle purr, and she got within his reach—fiddle strings and me, the dog, in pity, snarled him, to alleviate his air, he tried to pass around him once, but—snarled most and more, and John, the honest farmer boy who had the beast in charge, tried recklessly to harness him—he

SCRATCHED 3 YEARS
Suffered, Scratched, and Bleed. Doctors No Relief. Cured by Two Sets Cuticura Remedies.

I wish to express my thanks for the benefit I derived from your CUTICURA REMEDIES. Nothing like them was ever manufactured. For three years have I suffered with a sore knee, and I would break all over and with pimples which would form a watery matter, and I could not sleep at night until I would bleed. After doctoring with two doctors for three years, more or less, I could not get any relief. I then thought to try your CUTICURA REMEDIES, with result entirely satisfactory to me.

After the use of CUTICURA REMEDIES, I am entirely cured. I have

applied them to several persons and they all tell me they are No. 1. Our druggist is doing a nice business in CUTICURA REMEDIES, since we have as proof of their efficacy, I enclose my certificate.
